To Whom it May Concern:

This is a letter of recommendation for Danny Diaz:

Danny was the project architect for one of our multi-family projects. The project is located in Palm Beach County Florida with 354 residential units, including an expansive clubhouse and pool deck amenity area, four residential building types, and several parking garages. I thoroughly enjoyed working with Danny. He was professional, knowledgeable, and most important was his positive attitude and vibrant personality.

I feel confident in my letter of recommendation because Danny displayed his knowledge and abilities on numerous occasions. There were a large number of challenges presented by the building department and various other reviewing agencies during the course of this project. Danny's leadership and ability to find solutions, be responsive, professional, and patient were on full display. Aside from addressing the challenges, Danny played a big roll in the day to day project coordination and was a great team member. He was always on top of pending items, completed his work in an expeditious fashion. We ask a lot of our consultants and he always exceeded our expectations. The entire Richman Group team is beyond pleased with having Danny work on our projects. Since Danny left MSA, he has continued to work on projects as a consultant for The Richman Group. I personally look forward to working with Danny in the future as opportunities present themselves.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jesse Woepfel", with a long, sweeping underline that extends to the right.

Jesse Woepfel

Development Director
